Translation costs are based on the number of words to be translated or keyed in the original (source) text.

Cost of translation depends on:

- the language
- the type of document
- the subject matter

and whether it is highly specialised, repetitive, urgent or requires extensive formatting.

Once we receive a copy of the text for translation we will provide a written quotation, which will remain valid for 30 days.

We can give a rough price estimate without sight of the text, provided that we are given the language, subject matter, size of the document, or a few sample pages.

Discounts are available on assignments in excess of 5000 words.

Please contact us with details of any specific assignment for further information.

TERMS OF BUSINESS

VAT is added at the current rate for UK clients. Non-UK clients will be invoiced without VAT but those based in the EU should supply their VAT/IVA number.

Payment is due within one month of the date of invoice or on completion if a credit limit has not been agreed. Payment may be made by cheque, cash or BACS. One additional month's credit will be allowed where we are advised **in advance** that a case is funded by the Legal Services Commission. However, our fees are not subject to taxation and remain the responsibility of the company or individual placing the order. Payment **must** be made on or before the due date, regardless of whether reimbursement has been received from the Legal Services Commission, any client or insurance company.

We apply the Late Payment of Commercial Debts (Interest) Act 1998 as Amended and supplemented by the Late Payment of Commercial Debts Regulations 2002; therefore interest at the rate of 12% per annum will be charged on overdue invoices, and we reserve the right to claim Compensation as allowed under the above Regulations.

We also carry professional indemnity insurance.
